

When I first came to Project Challenge I wasn't sure about it, because it sounded like I'd be getting a lot of exercise and I was a sort of a lazy person and not that keen on hard work!

But I came and I stuck with it, did it and now I've finished.

I've really enjoyed myself while I've been here. There have been things that I wasn't that keen on doing - like the first aid we did especially on the Annie dolls - they looked really evil!!

There have been things that I have really liked doing like going on all the residentials and Norway.

Now can I just say Thank You to Project Challenge for giving me the opportunity to succeed in something I thought I would never be able to do.
